Software Engineer Specialist

PROFESSIONAL PROFILE

A Software Engineer with extensive experience in building and delivering effective systems, proficient in various languages, and experienced in leading Agile development teams, eager to contribute technical expertise and collaborative abilities to an organization dedicated to excellence.

PROFESSIONAL EXPERIENCE

Wintec Software Solutions

Front-end Developer | Nairobi, Kenya | October 2022 – April 2023

- Spearheaded the development of a comprehensive Human Resource Management system for MNC Ltd, a consultancy firm, aiming to streamline and enhance their recruitment process. Successfully executed the contract, resulting in the implementation of the system, which has since facilitated the recruitment of over 500 candidates, significantly boosting the firm's operational efficiency and candidate acquisition capabilities.

Machakos County ICT Offices

Attache | Machakos, Kenya | May 2022 – August 2022

- Significantly contributed to the smooth transition of data from the old to the new Machakos Government website, ensuring an easy switch and better accessibility for online users.
